

EMPLOYMENT AND SUPPORT ALLOWANCE

Employment and Support Allowance is a web-based interactive learning tool designed as a standard on-line induction programme into the new Employment and Support Allowance and its impact on Housing Benefit and Council Tax Benefit.

Employment and Support Allowance has three key areas:

1. Personal Profile

Allows the learner to plot a personal route through the programme by identifying the learning style which best suits them.

2. Learning Centre

Provides a comprehensive range of learning activities designed to accommodate a range of learning styles.

3. Resource Centre

Acts as the programme library where learners can view important content from the Learning Centre and link to essential legislation, documents and websites.

Target audience

This course is designed to appeal to all staff who need to be aware of the fundamentals of Housing Benefit and Council Tax Benefit.
